

Greetings From Dr. Randy James, Newly-Elected Vice President of EDUF

The celebrations around the birth of our Savior Jesus Christ are many and varied around the world. However, wherever you are, as December 25th rolls around, we hope you will enjoy the presence of the Lord in a very special way. It is with joy that we bring you greetings today - in Jesus' name.

Whether you have prayed from afar, have given financially or interacted in any other positive way with EDUF (Education Development United Foundation), we are grateful more than we can adequately express. It is our hope and prayer that God will reward you and bless you for your kindness.

Certainly, everyone can agree that 2020 has been a year to remember! What began with great fanfare fizzled under the relentless pounding of the Covid-19 virus. Everyone, everywhere has been greatly challenged. In other ways we have learned from it and will be stronger and better as a result. One thing we have learned is that the work of the Kingdom of God goes on! We want to push on with new zeal as we encounter new opportunities.

2021 will present us with such opportunities. Can we count on you to help us? As EDUF continues in its mission to "Resource Education Across Africa," we need all the help we can get. Your prayers all through the next year, your financial gift – maybe monthly -- and your participating with us in this mission will open doors of opportunities for many men and women across the great continent of Africa to be equipped and qualified to carry out the Great Commission in their part of the world. Though we cannot yet travel internationally, our gifts financially and prayers continually will go where we cannot.

Together we can make an impact that will last throughout eternity!

Thanks again for your support.
