

EDUF Easter News 2023

OUR GOD LIVES! With millions of other Christians around the globe, we celebrate the Truth that is ever pertinent to all of us, whatever our circumstances - Jesus triumphed over death! Our Stateside traditions include Holy Week services and hymns, special foods at special meals, flowers, maybe even "Easter clothes or shoes or an Easter bonnet". What does Easter look like in Africa? Picture yourself shopping in street fairs!

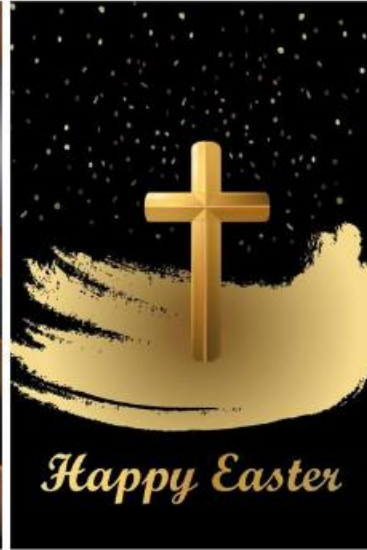

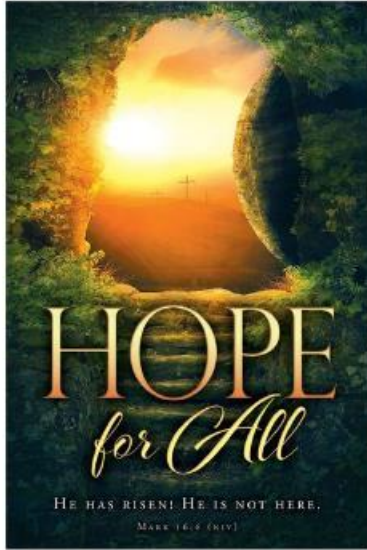

OUR GOD SPEAKS! He has spoken to us during the Lenten season through the deep reflections in the devotional book, *Water for the Way*. In June Dr. Gabriel Benjiman, from South Africa, will be on deputation in New England and Indiana. He is the top educational leader in the Church of the Nazarene in Africa.

OUR GOD GIVES! And so do His people! EDUF recently sent funds to top up an endowment at the Nazarene Foundation to move scholarship monies to one of our Nazarene Theological Colleges in Africa. We are very pleased with this smart giving that liberates \$\$ from under-funded endowments. We'll do this again later on in 2023.

With a recent check to EDUF from loving donors from the state of Washington came this note ***"This gift is in obedience to God's prompting."*** So be it!
