

June News from  
EDU Fellowship

**TWO TEAMS IN AFRICA – PRAYERS REQUESTED**

**Southwest Indiana NMI team** led by EDUF founder Ken Walker and EDUF Indiana Chapter Manager, David Boblitt, are on their way, as we write, on this long journey: 1) Newark to Johannesburg, South Africa, 2) flight from Joburg to Malawi, 3) bus from Southern Malawi to Milange in Central Mozambique. Similar itineraries have been traveled in past years by South Weymouth Church of the Nazarene, MA, led by Dr. David Restrict, and by a Northwest Team, led by Dr. Randy and Robbie Craker. We always know prayer is important, but we all also know that the world is different in 2026. We pray against anti-American tensions particularly at border crossings. We pray for safety, calm and blessing for this team – and for one other team.

Photo taken at an “Indiana Chapter” meeting in Indianapolis a few years ago. See Dave Boblitt in a blue denim jacket and Ken Walker in a grey vest – at far right.

The Canadian Go Team led by EDUF trustee Marg Stahlbaum is already in eSwatini. She recently posted: “ESwatini NYI from Zakhele Church of the Nazarene have organized a GO Team and our Canadian GO Team have been invited to join them!!!” We’ll keep them in prayer and look forward to other reports.

**OTHER PRAYER REQUESTS**

Two significant others among our great supporters who live in two different states have received recent medical reports that mean they're closer to heaven than expected. Let's pray for this lady in CA and this gentleman in WA, for strength, comfort and wisdom as they and their families deal daily with this announcement.

All of Nazarene Africa is gearing up for the Regional Conference coming up. Thousands of miles will be traveled as they gather in Ghana. Other Nazarene Global Leaders will also be joining them, including the General Superintendent in Jurisdiction, Rev. Dr. Scott Daniels.

P. S. From Margaret Scott. Several of you readers have followed Jon and me in ministry for a long time, including our years in Romania before we were reassigned to Africa, so this is a personal update on our four children. Joel is on the trip with his “Uncle Ken” to Milange. He is happy to work alongside Rev. Benjamin Banda and Rev. Albino Banda with whom he worked during his year as Volunteer Missionary in Mozambique when all of us were busy producing printed resources for ministerial education across the Portuguese-speaking countries.

Our other three children are all in Romania for quick visits, each one with their own itinerary. Popa’s closing out the second year of Gabi’s Fulbright stint in Cluj-Napoca. David with his kids, wife Erin, and stepson Will, to make new shared memories. Nathan with Lauren and his two littles revisiting the haunts of his tween years there including the doorway of the apartment on Lamotesti Street in South Bucharest and many other locations that would be known by the 800 volunteers who visited us in Bucharest. Maybe we should think about a trip like Nathan’s with ENC Romania Semester Abroad folks... just sayin’. Respond to this email, if you’re interested.

## BREAKING NEWS

The **Southwest Indiana NMI team** have landed in Johannesburg, South Africa and have sent the following pictures. Enjoy!
